Sweetwater Road

We, Don, Dean, Karl and Emily Mattson are pleased to present this collection of 58 works done in the years 1992 to 1994.

Our contrasting styles and differing perspectives depict rural living from our viewpoint, on Sweetwater Road where we live.

Don uses mixed media and watercolor to capture disappearing images of the rural past.

Dean has a humorous approach using vivid color and design, presenting local personalities and activities.

Karl uses ink and mixed media to portray his images of growing up on Sweetwater Road.

Emily uses terracotta sculpture, and a series of allegories in oils, in an attempt to portray the universal significance of ordinary events.

The works are of varying sizes, up to 36" x 48".
